

LACAC 2.3/398

4 November 2022

**To: Directors of Aviation and/or Civil Aeronautics of the member States of LACAC**

**Subject: Developing Countries Scholarship Programme 2023**

Distinguished Sir/Madam,

As a follow up to my communication LACAC 2.3/336, dated September 9, 2022, on the offer of scholarships from the Qatar Civil Aviation Authority for the member States of LACAC in its Developing Countries Scholarship Programme 2023, which will be carried out in person, starting in 2023. The admission criteria are shown as **Attachment 1**. Likewise, the information regarding the course, such as the content of the courses, is found as **Attachment 2**.

On this occasion, the course will be taught in English and the Qatar Authority is offering LACAC member States a total of two (2) scholarships for the aforementioned program. In the sense of the foregoing, if your Administration is interested in nominating its officials, they must complete the information requested in the application form (**Attachment 3**). The form must be completed **no later than November 30 of this year**.

It is worth mentioning that one scholarship will be awarded per State, and according to the number of applicants received, priority will be given to the application of the less benefited States in the training programs during the last two years.

Without further ado for the moment, I take this opportunity to express the assurances of my highest consideration and esteem.

Jaime Binder  
Secretary of LACAC
