Your Excellency,

Sub: State of Qatar's Appreciation Letter

The Civil Aviation Authority of the State of Qatar (QCAA) presents its highest compliments to the Office of the President of the Latin American Commission of Civil Aviation (LACAC).

I would like to express QCAA sincere appreciation to Your Excellency for meeting with our delegation previously and during the ICAO 41st Assembly and for your overwhelming support to the State of Qatar's campaign in the region for our candidacy to the ICAO Council. We are truly humbled and thankful for the confidence entrusted by your organization and for providing a platform for our delegation to work collaboratively on various initiatives that ultimately benefited the region.

Additionally, I would like to express that QCAA, the Qatari Government, and our ICAO Council Permanent Representative are fully committed to being active participants of this prestigious Council and we will dedicate all our efforts and endeavours to advocate for a positive change and improvement of ICAO and the aviation sector.

Qatar remains resolute to its mandate to continue with the positive engagement with your organization; and accordingly, we would like to further enhance our collaborative teamwork through more engagement and participation at your regional meetings. We are confident that fostering a strong partnership is critical, and as such, I would like to express Qatar's keen interest in becoming an Observer Member of your prestigious organization. Therefore, I would appreciate any information and steps to be taken to achieve this goal.

We are excited and remain hopeful in transforming our sector into a sustainable aviation system that will empower future leaders and generations to continue the work towards success.

The Civil Aviation Authority of the State of Qatar avails this opportunity to renew the assurances of the highest consideration to the Latin American Commission of Civil Aviation.

Yours sincerely,

MOHAMED FALEH AL HAJRI
Acting President
